

The results of the applicant written test have been scored and are provided below. To determine your score locate the 4-digit ID number that was provided to you during the examination. ID numbers listed above the “pass line” scored above 70% and therefore have the opportunity to proceed on with the interview stage of the applicant process. ID numbers listed below the “pass line” are disqualified from the applicant process and will not proceed to the interview stage.

The identified passing applicants will soon be contacted through email on an opportunity to attend an interview workshop. While applicants are encouraged to take advantage of this opportunity, the workshop is not mandatory for the application process.

The mandatory interview stage of the applicant process will take place this fall, and you will again be contacted by email with the date, time, and location of your individual interview.

The Griffith Police Department thanks all those who applied with our department and we wish you the best of luck.
